OUR SOFTWARE

In addition to our capability across the IBM portfolio, ISW have several software solutions that have been developed in-house and are sold direct, as well as through resellers and international partners.

In turn, ISW partners with like minded businesses across the world who are producing market leading, innovative products that add value to our client solutions.

OUR CLIENTS

ISW is currently engaged in projects Australia wide and internationally, across a range of industry sectors including: Mining, Energy, Retail, Finance, Government, Education, The Arts, Food Processing, Automotive, Manufacturing, Telecommunications, Public Safety and Professional Services.

OUR STORY

ISW began operations in 1996 as an IBM Business Partner. Initially focusing on IBM technology, ISW has since grown in breadth of capabilities, reaching IBM Premier Business Partner status in 1999 and has continued to expand in technology offerings in the Australian and international market place.

OUR TEAM

ISW have offices in four locations across Australia; Hobart, Melbourne, Sydney and Brisbane. We currently employ one of the largest Australian teams of IBM solution architects and technical specialists in the roles of Software Engineer, Software Architect, Systems Engineer and IT Services.

They are supported by a team of highly qualified and knowledgeable Practice and Business Development Managers.

ISW places great emphasis on employee development. Staff continuously innovate and research the latest trends, also staying current with industry recognised certifications. Success in professional development allows ISW to engage with clients in a confident, well balanced and professional manner.
