ISW are true champions in delivering IBM Collaboration Solutions that increase business productivity.

Collaboration

We're equipped to empower your business finance, operations and marketing with cognitive technology that turns information into insight. Gain true business intelligence with ISW Analytics.

Analytics

Having developed award-winning apps for IBM Connections on iPhone, iPad and desktop, as well as social media integration tools, ISW offers complete mobility solutions for today's enterprise environment.

Mobility

ISW owns and operates a full-service cloud solution provider, Cloud42. Together with our own purpose-built data centres, Cloud42 allows you to Run infrastructure, Build platforms, Use software and Backup data on demand.

Cloud

From IBM servers and storage to Lenovo laptops, ISW can design and equip secure IT systems and networks that lets you focus on what you do best.

Infrastructure

At our core is a team of talented and experienced software engineers that design and develop custom solutions to solve challenges and deliver smarter business outcomes.

Innovation

WE STRIVE TO:

+ provide robust practical solutions to our clients' business requirements worldwide;
+ support our clients throughout the complete project life cycle and beyond;
+ engage with our clients as partners.

OUR SOFTWARE

In addition to our capability across the IBM portfolio, ISW have several software solutions that have been developed in-house and are sold direct, as well as through resellers and international partners.

In turn, ISW partners with like minded businesses across the world who are producing market leading, innovative products that add value to our client solutions.

OUR CLIENTS

ISW is currently engaged in projects Australia wide and internationally, across a range of industry sectors including: Mining, Energy, Retail, Finance, Government, Education, The Arts, Food Processing, Automotive, Manufacturing, Telecommunications, Public Safety and Professional Services.

OUR STORY

ISW began operations in 1996 as an IBM Business Partner. Initially focusing on IBM technology, ISW has since grown in breadth of capabilities, reaching IBM Premier Business Partner status in 1999 and has continued to expand in technology offerings in the Australian and international market place.

OUR TEAM

ISW have offices in four locations across Australia; Hobart, Melbourne, Sydney and Brisbane. We currently employ one of the largest Australian teams of IBM solution architects and technical specialists in the roles of Software Engineer, Software Architect, Systems Engineer and IT Services.

They are supported by a team of highly qualified and knowledgeable Practice and Business Development Managers.

ISW places great emphasis on employee development. Staff continuously innovate and research the latest trends, also staying current with industry recognised certifications. Success in professional development allows ISW to engage with clients in a confident, well balanced and professional manner.
